

I've been a subscriber to XM Satellite radio for almost a year, and consistently listen to its traffic and weather channel. It keeps me informed concerning accidents, road work, and inclement weather. This information is invaluable. I feel that I pay for these services and it should NOT be up to the NAB to dictate what I am permitted to hear.

I urge you to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I demand and deserve.
